

Don't miss out on **Three District 26 Special Fall Offerings:**

We Computer Science

A Computer Science Introductory Parent Workshop

Computer Science Education Week (celebrated at our schools on the first week of December) is an annual effort dedicated to inspire K-12 students to take interest in computer science. Learn how the new Computer Science for All initiative is taught in your child's classroom.

Tuesday, November 29, 2016, 9:00 – 10:30 AM at PS 221
57-40 Marathon Pkwy, Little Neck

Family Dance Night

A parent & child evening of dance and movement!
Come move your body to the beat and learn about the foundations of ballet and jazz.

Tuesday, November 29, 2016, 6:30 PM to 8:30 PM at M.S. 74Q
61-15 Oceania Street in Bayside

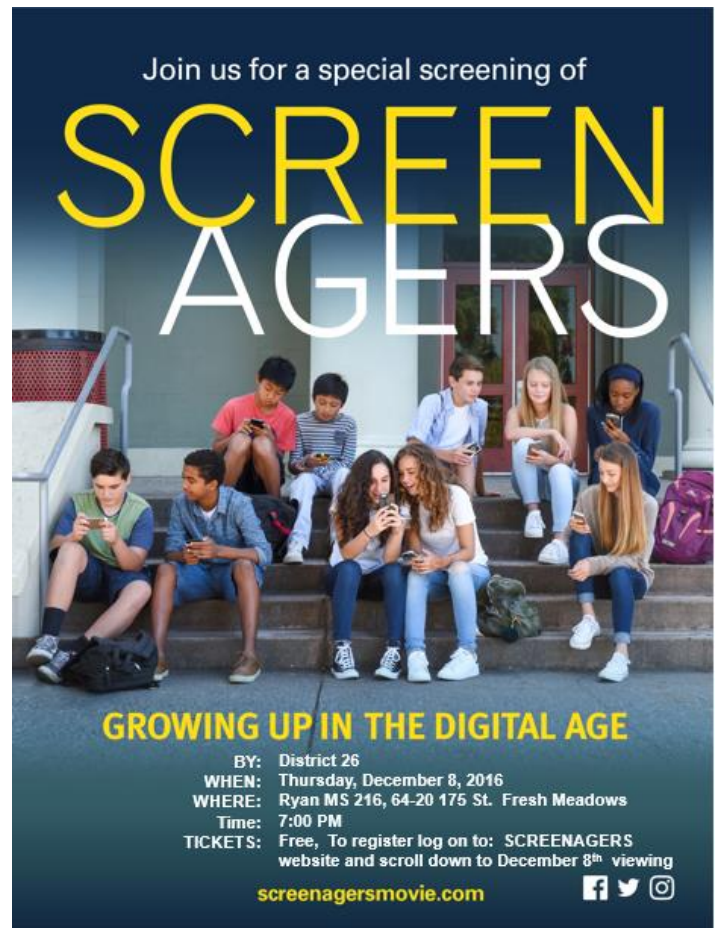

A District 26 viewing and panel discussion of a film that examines the impact of tech time and the friction of negotiating screen time with children. An opportunity for families (bring your children) to discuss in your home the digital world and find solutions and balance in your lives.

To register for the FREE screen log on to:

<https://impactflow.com/event/presented-by-community-school-district-26-1045>

or go to: **SCREENAGERSMOVIE.com**
