

PS 188 Royal's Science Presents~ Family Friendly Science Websites

Science Buddies

Science Buddies is a great place for activities to do at home for kids and parents. There are hands-on fun STEM activities.

Science Sparks

Get ready to unleash your inner scientist with this HUGE collection of at-home experiments to try! Easy science experiments, science facts and Science Fair ideas!

Kids National Geographic Science Lab

National Geo Kids is a fantastic site as a whole. This is a site within National Geographic Kids that focuses on science experiments with videos that show how to do the experiments!

Science Snack

Science Snacks are hands-on, teacher-tested activities that bring explorations of natural phenomena into the classroom and home. Each activity uses inexpensive, easily-available materials, offers detailed instructions and images, provides a clear explanation of what's going on, and is adaptable to a wide range of curricula, content areas, grade levels, and settings.

Nasa Kids

If your children love to learn about space, this is the site for them! From news and events to LIVE NASA events like launches. There are also games and videos to explore!

CK K-5 Science Flex Books

CK-12 is a website that has a lot of free resources for all subjects. There is an online textbook that can help with additional support.
